

## **DROP & DONE INSTALLATION INSTRUCTIONS**

### **OPTIONS**

1. Drop&Done can be installed loose-lay with two-sided tape around the perimeter of the room.
2. Drop&Done can be installed full spread with release adhesives such as Mapei Eco 810.
3. For heavy duty commercial applications, Drop&Done can be glued down permanently with Mapei Eco 360 or Henry's 422.
4. For installation over radiant heat, we recommend to use the permanent glue method.

### **SUBFLOOR**

Drop & Done can be installed over any hard and flat surface. You do not have to double your plywood. You do not have to remove existing vinyl. Over ceramic tiles, you need to fill the grout lines with a proper leveling compound. Subfloor must be even within 1/8" over 6'.

**Caution; Drop & Done is not suitable for installation over carpet.**

### **PREPARATION**

The material should be allowed to acclimatize at room temperature (approx 20 °C) for 48 hours prior to installation. New concrete floors need to dry out for at least 60 days prior to installation. Make sure the floor is smooth, clean, and free of wax, grease, oil or dust. Uneven areas must be fixed with a proper leveling compound.

### **INSTALLATION:**

Install two-sided tape (6 to 8 cm wide) or apply a 10 cm wide strip of release adhesive around the perimeter of the room. If you use glue, let the adhesive dry for 20 minutes or until it can be touched without transfer.

For full spread installation with release or permanent adhesive, follow instructions on the pales, Begin laying your floor along the longest wall. Lay a complete row of planks and cut the last one to fit against the opposite wall. The cut edge should always face the wall. When you reach the last row, cut the last plank to fit. The plank should not be forced into place. For best visual effect, always stagger the planks from row to row.

### **MAINTENANCE**

Never use excessive amounts of water when cleaning the planks - use a damp cloth or mop and rinse with clean water. DO NOT use abrasive cleaners. Use protective pads under furniture. **CAUTION:** Planks are slippery when wet.

### **LIFETIME RESIDENTIAL WARRANTY**

Our Lifetime Residential Limited Warranty for Drop & Done means that for as long as you own your house, from the date of purchase, your floor will be free from manufacturing defects and will not wear through or permanently stain from common household products when installed and maintained according to instructions supplied with each carton. This guarantee applies only to the original purchaser and proof of purchase is required for all claims. The guarantee is for replacement or refund of the vinyl planks only, no labor. Claims for wear must show a minimum dime size area. High-heeled shoes, rolling carts, furniture and chairs without protective pads can damage the floor and are not covered by this warranty. If you wish to file a claim under warranty, contact the authorized dealer where the flooring was purchased.

## **15-YEAR COMMERCIAL WARRANTY**

Our 15 Year Limited Commercial Warranty for Drop & Done means that for fifteen years, from the date of purchase, your floor will be free from manufacturing defects and will not wear through when installed and maintained according to instructions supplied with each carton. This guarantee applies only to the original end user and proof of purchase is required for all claims. The guarantee is for replacement or refund of the material only, no labor. Claims for wear must show a minimum dime size area. High-heeled shoes, rolling carts, furniture and chairs without protective pads can damage the floor and are not covered by this warranty.
